

Smoke Test — PDF Build Pipeline

If this PDF rendered above 1 KB, `scripts/build_instruction_pdfs.ps1` works.

1. What this proves

Chrome headless is discoverable, `--print-to-pdf` writes to the expected sibling path, and the script's success-path exit code is zero.

2. Next step

P2 of the PLC Learning Guide PRD — add the long-form teaching template to the global skill.
